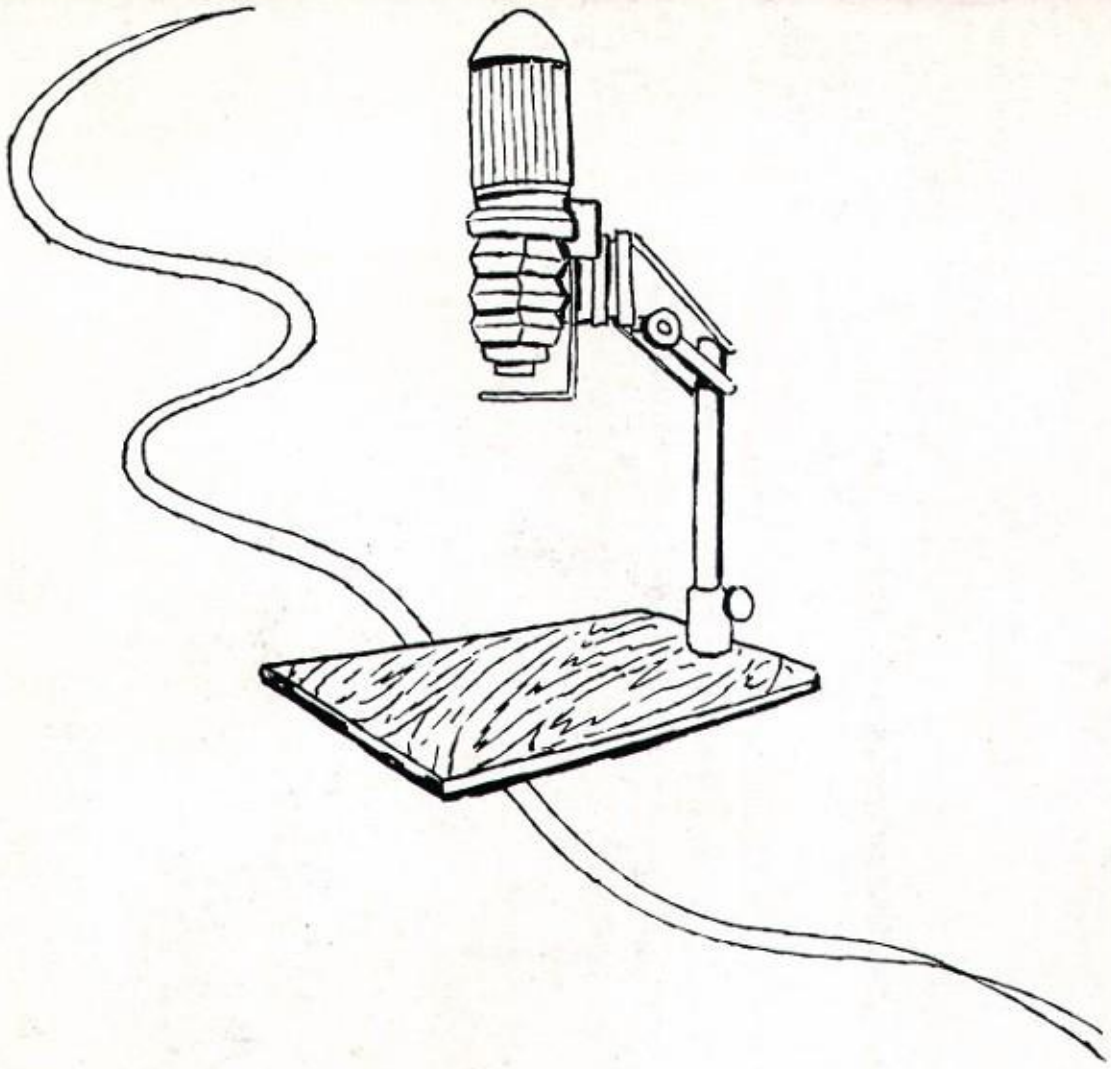
59 Olnean



This is E.R.H.S. 1958-59 as seen through the eye of the Olnean camera. We have attempted to catch the distinctive spirit of this year and portray it for you as you have known it. We have tried to show that E.R.H.S. is more than our building—it is rather the 750 students of us who have worked—and played—toward achieving a worthwhile goal . . . Here you will see us planning, studying, and finally achieving that goal.

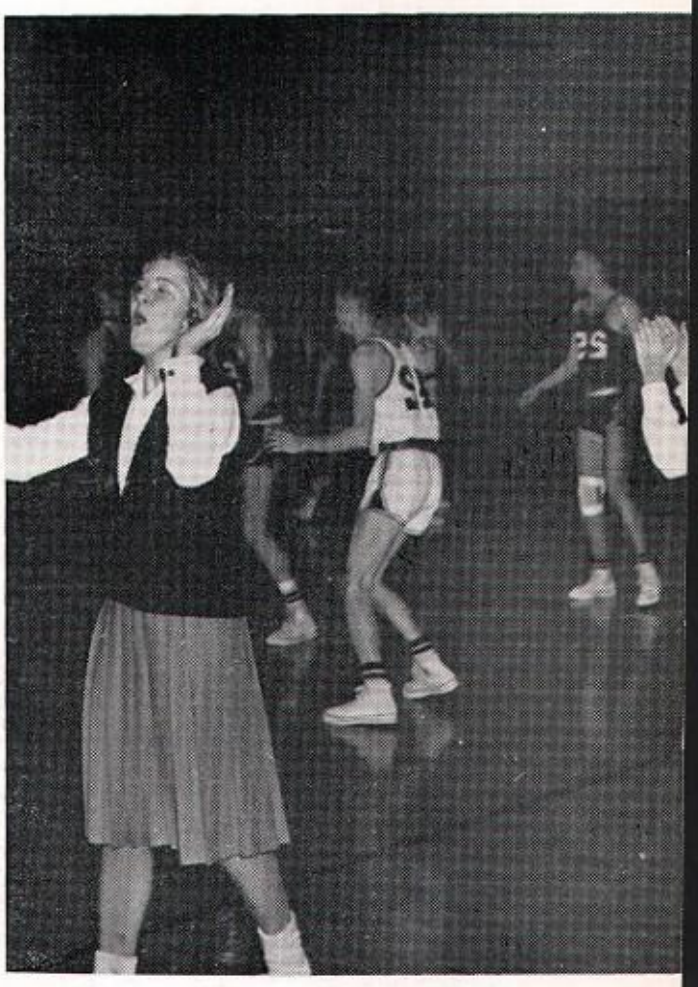
SHOWS THAT WE HAVE SCHOOL SPIRIT.

Our school spirit is a compound of many things. Pride in our athletic teams is one of these; loyalty is a greater thing. We attend the game whenever possible. We cheer the team on to victory, but we also support them whenever they lose. We give credit to our musicians and academic leaders. We are proud of our building. We are glad to be a part of East Richland High School.



Cheerleader Linda Brummett leads a yell.

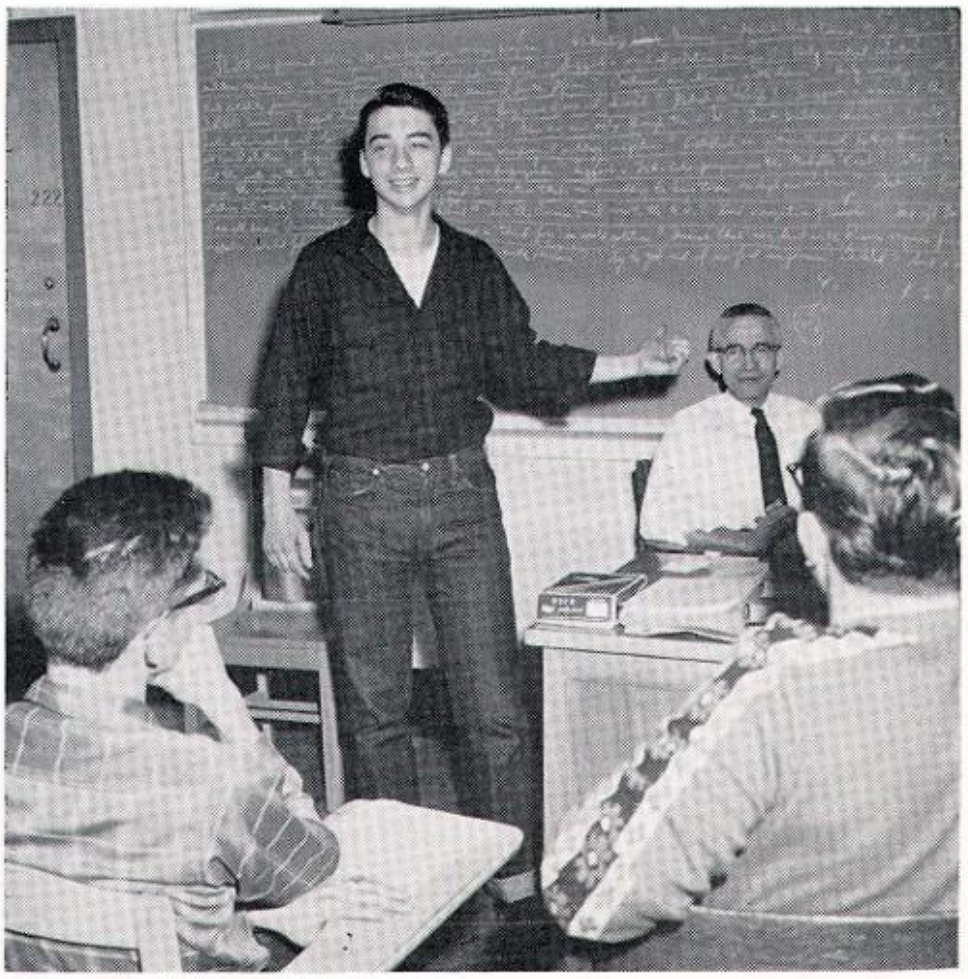
Homecoming queen Rose Carder and her escort Frank Zerkle are driven to the game by Bob Bellinger.

Gary Cowan, Janet Eagleson, Bob Zerkle and Jerry Quick relax on the stairs to the gym.

PICTURES MOMENTS IN OUR BUSY DAYS . . .

These scenes picture you and me or any student engaged in the activities of an average school day in E.R.H.S. We strive conscientiously to know a little of the beauty of music . . . We honestly attempt to contribute constructively to the classroom discussion . . .

Susan Blackburn, Judy Lovelace, Penny Murvin, and Janie Biehle of the flute section.



Jerry Kuykendall in an advanced social studies class.

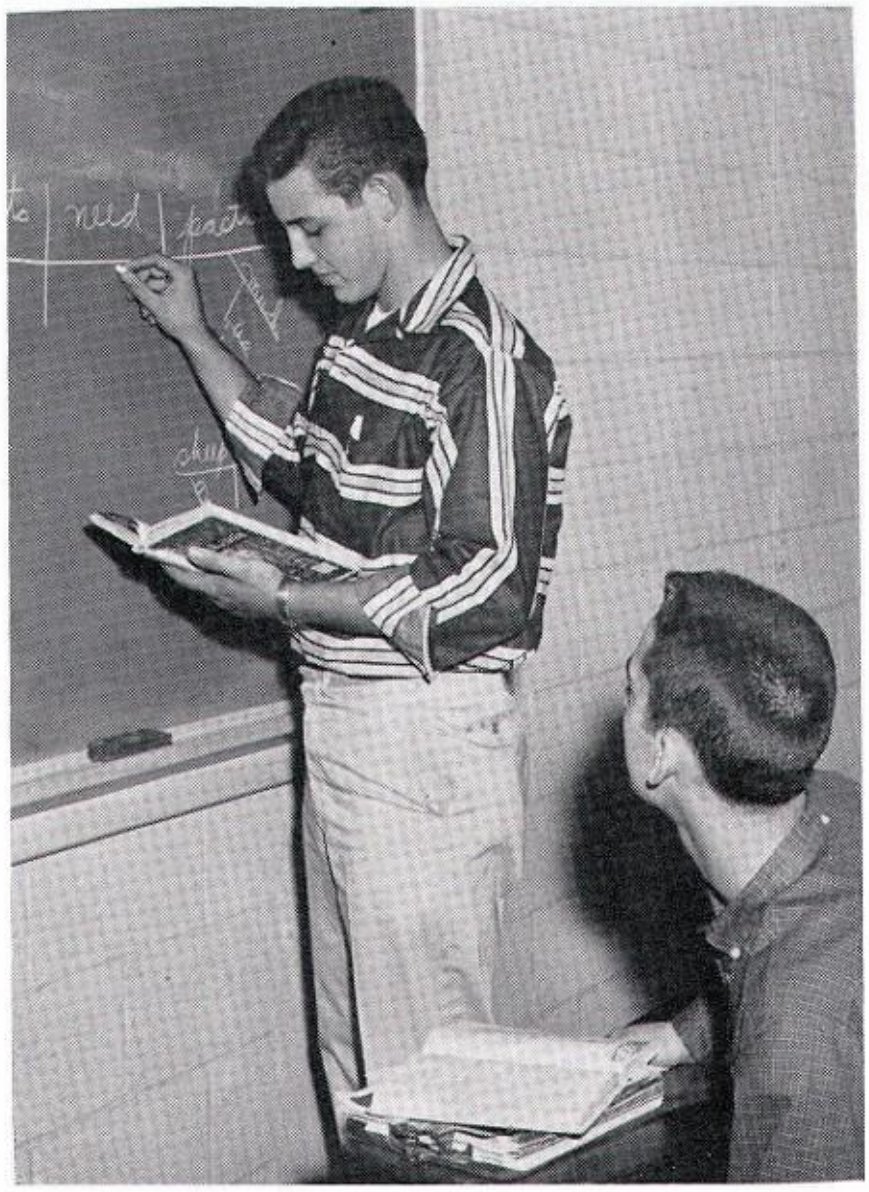
Above all, our camera shows that we feel the final aim of secondary education to be self direction. And so we try to learn to work independently . . . to be a good citizen of the group, able to lead others intelligently or to cooperate constructively in a group project.

George Lowry watches as Benny Bennett turns out a jar on the potter's wheel.

AMACO
CAN ART CLAY CO.

SHOWS THAT WE OFTEN CONCENTRATE.

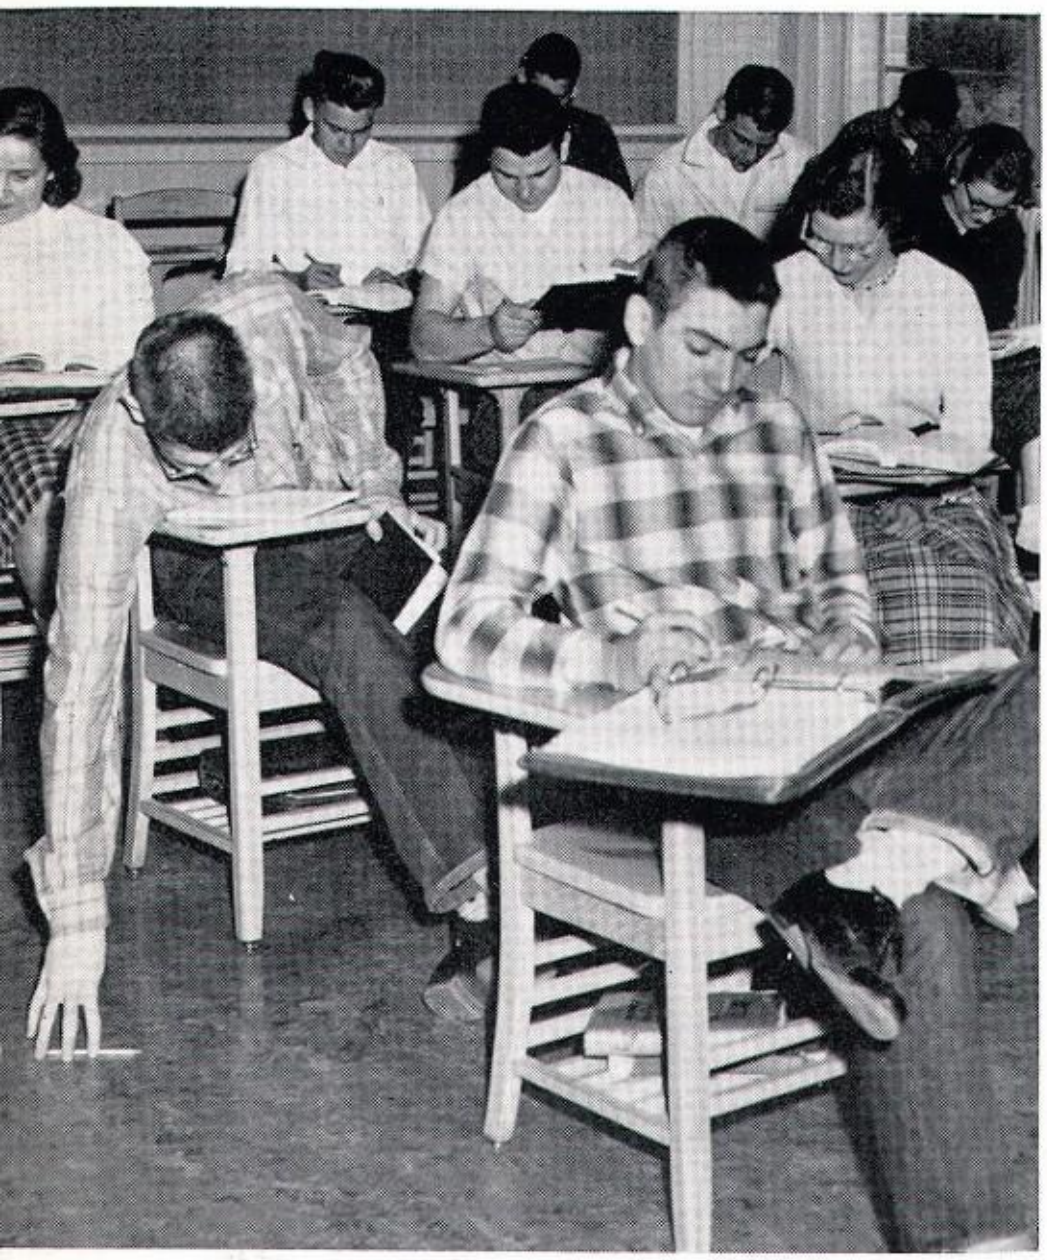
Mr. Provines helps Skip Miller with a geometry problem as Angel Parsons, Sharon Bateman, and others concentrate on the work before them.



Jim Wattleworth diagrams a sentence as Terry Oestreich looks on.

Our school is a teacher and a class of students. It is instruction in the classroom and research in the library. It is the interchange of ideas between students and teacher. It is recitation and listening. It is concentration on the problem and solving it. It is knowing how to study and studying. It is the never-ending search for knowledge.

Sam Clifford, Kay Combs, Mr. Eagleton, Pete Dale, and Bob Hayner consider a "global" problem.



Karen Leaf, Bruce Wall, Wayne Neeley, Joe Myers, Jerry Jones, Jim Wattleworth, Linda Marks, and Linda Kallansrude in advanced algebra class.

The camera reveals that the students at E.R.H.S. are accepting the challenge of a more vigorous pace in education as demanded by the world of 1959. Physics, chemistry, advanced math classes are having larger enrollments. Girls as well as boys are exhibiting enterprise and hard work in outside preparation and in individual research problems. There is satisfaction here in E.R.H.S. in 1959 that comes from giving our best to the task before us.

Carol West and Jim Yeager are intent on trigonometry as Mr. Shearer stands by to lend a helping hand.

Candy Bamberth leads a typing drill for a group which includes Sharon Phillips, Martha McKay, Sue Harper, Carolyn Atteberry, and Eileen Dunn.

PICTURES OUR VARIED ACTIVITIES

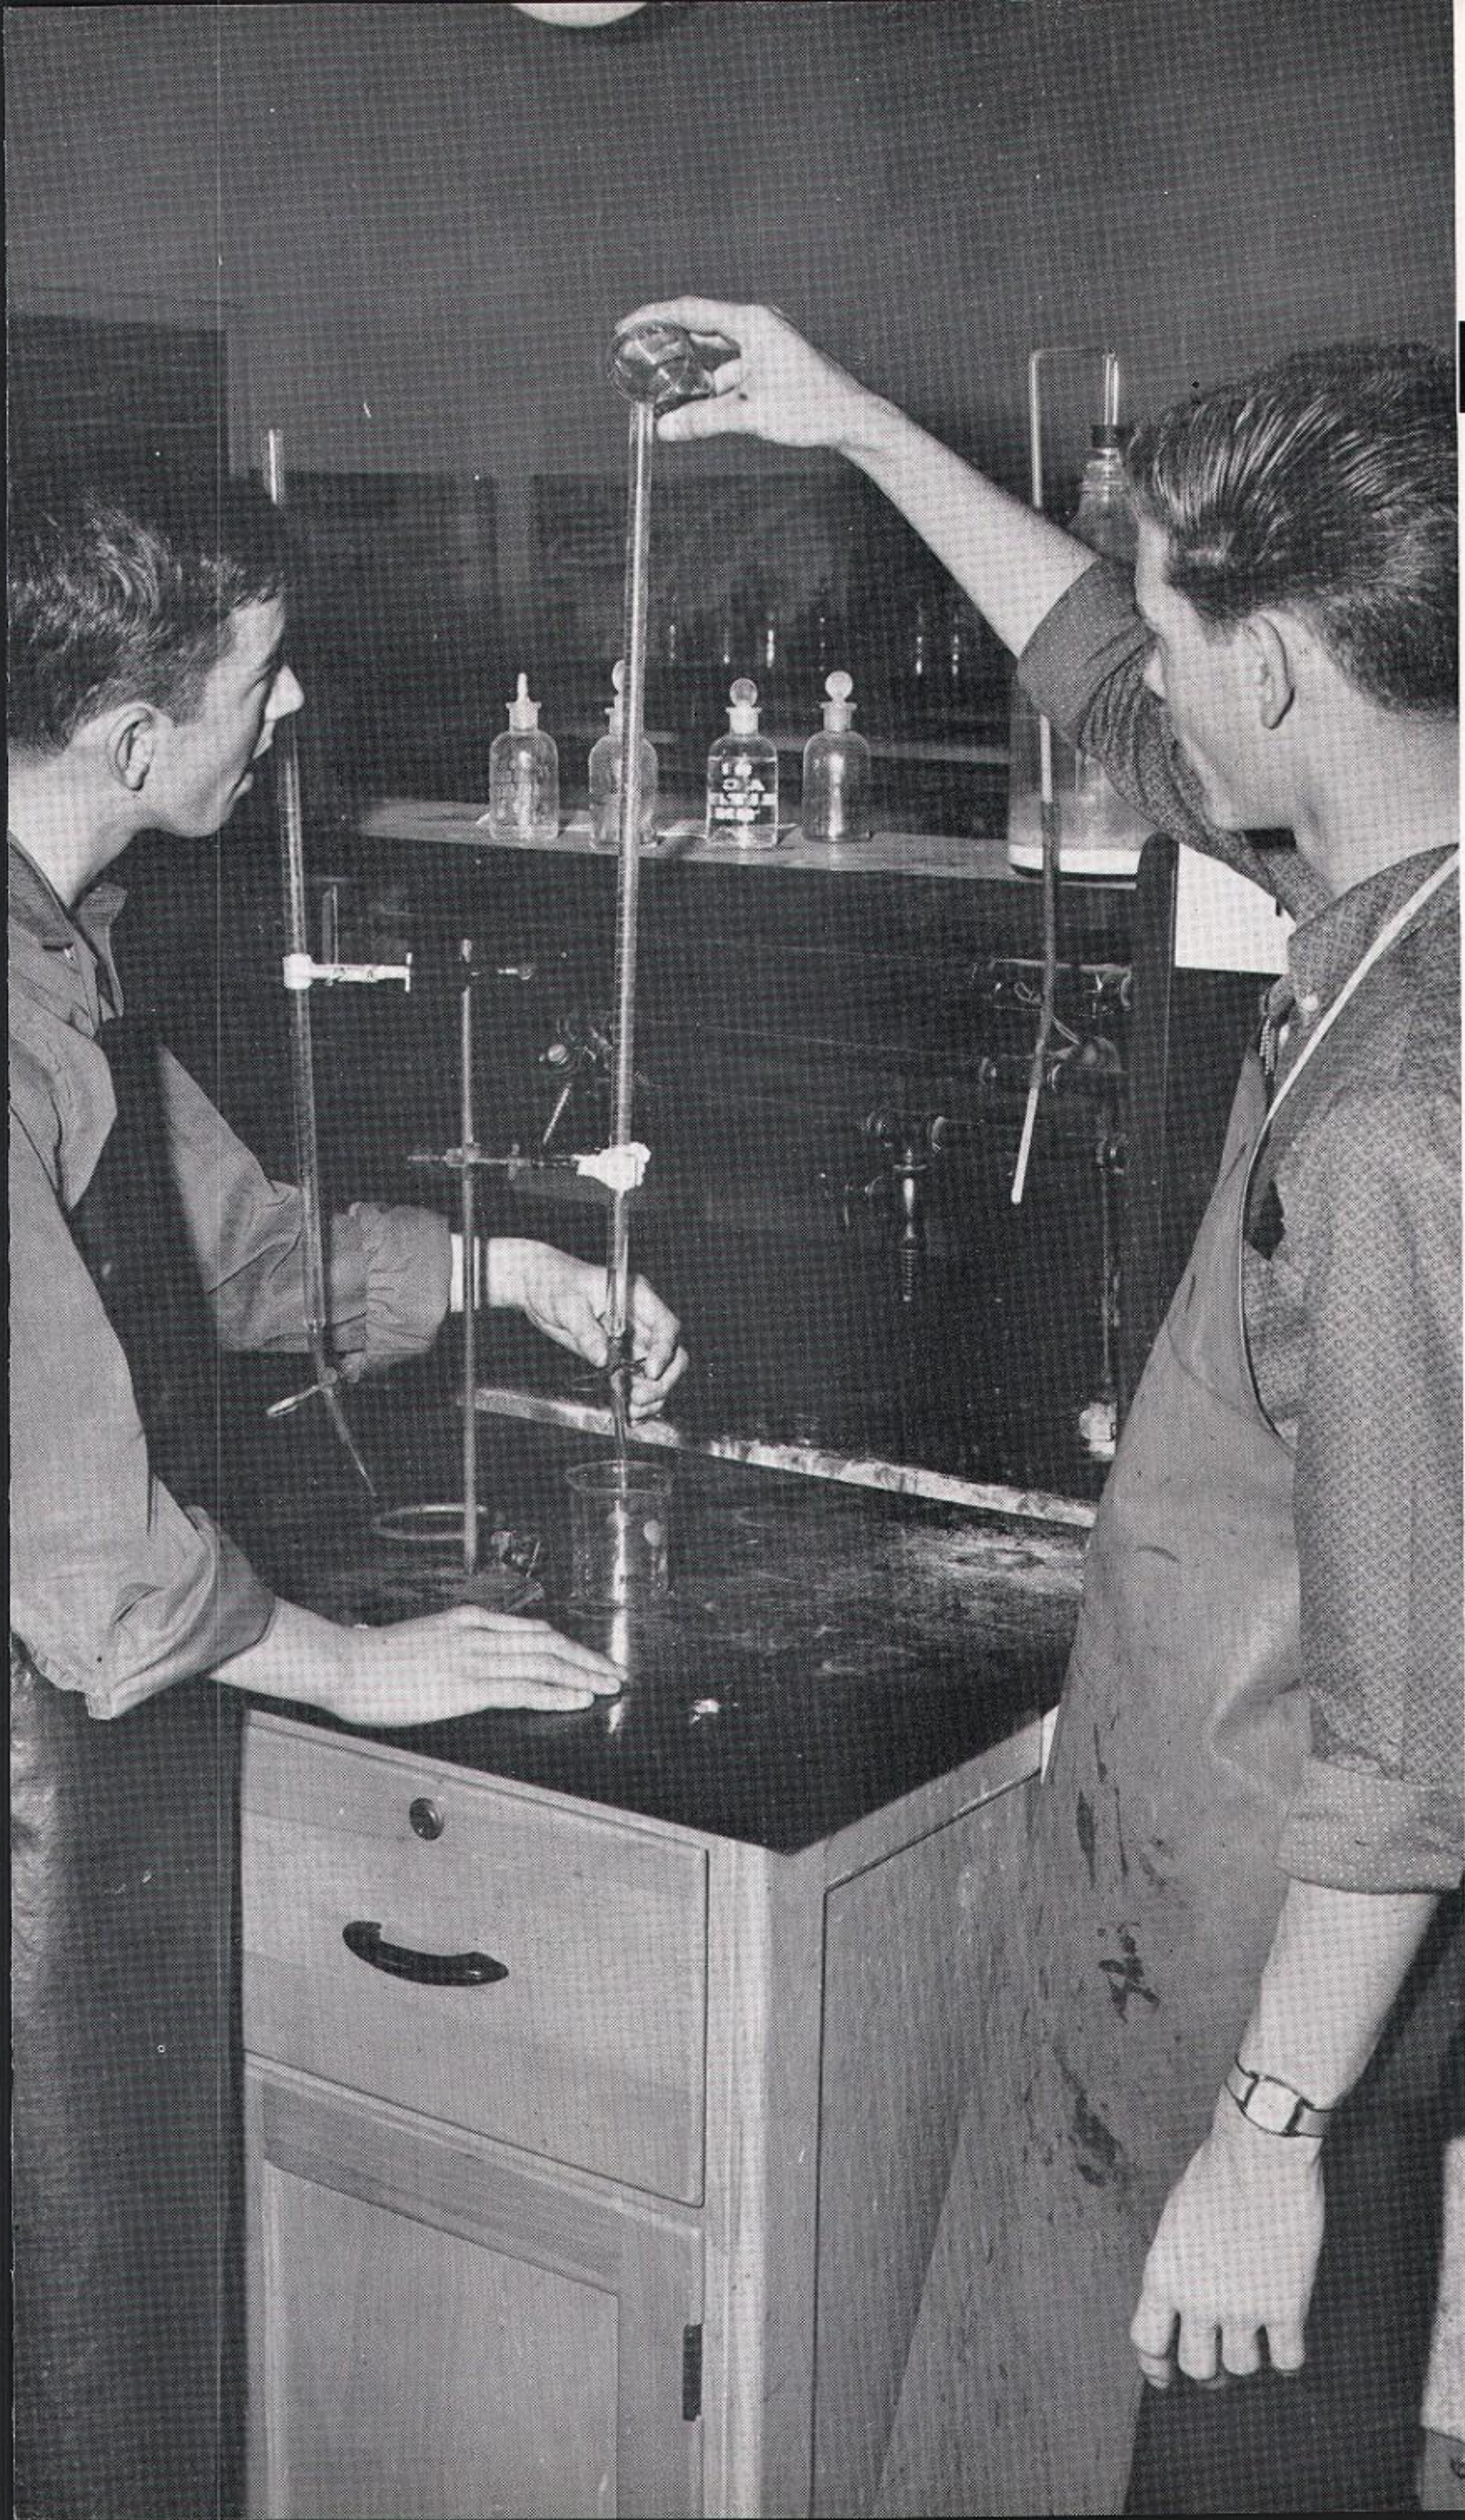
DEPICTS OUR USE OF EXPERIMENTATION

Mike Redman and Bob Hayner examine a diagram in Industrial Arts I.

Pictures show our well-equipped laboratories and shops where in pleasant surroundings we learn by doing . . . There are times when the odor of "rotten-egg gas" permeates the hall . . . or there is much discussion of "my grasshopper" . . . or one hears the physics class hard at work—these activities are the result of our scientific method of pursuing knowledge. And out in the shop wing, boys learn by doing—drawing, building, plumbing . . .

Sandy Van Cleve, Bob Shafer and Chuck Green study life in the aquarium.

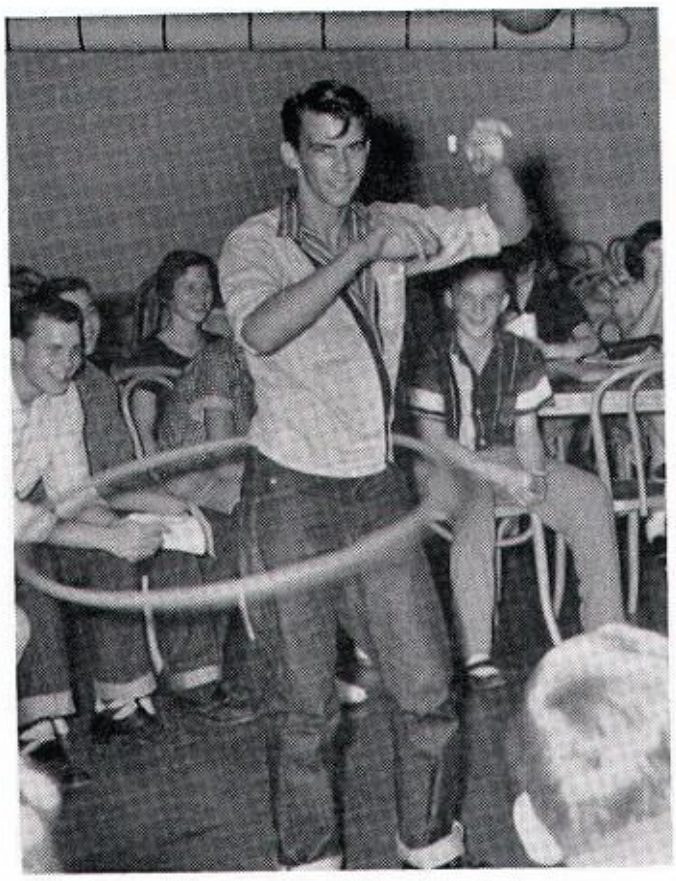
Gene Lovelace and Terry Ratcliffe at assignment in chemistry.



Dance band, left to right, includes: Terry Ratcliffe, George Highsmith, Dave Fessel, and Joe Biehl.

PRESENTS US AS ENTERTAINERS

Jack Fritchey "gives" with the hula hoop at one of the informal dances.

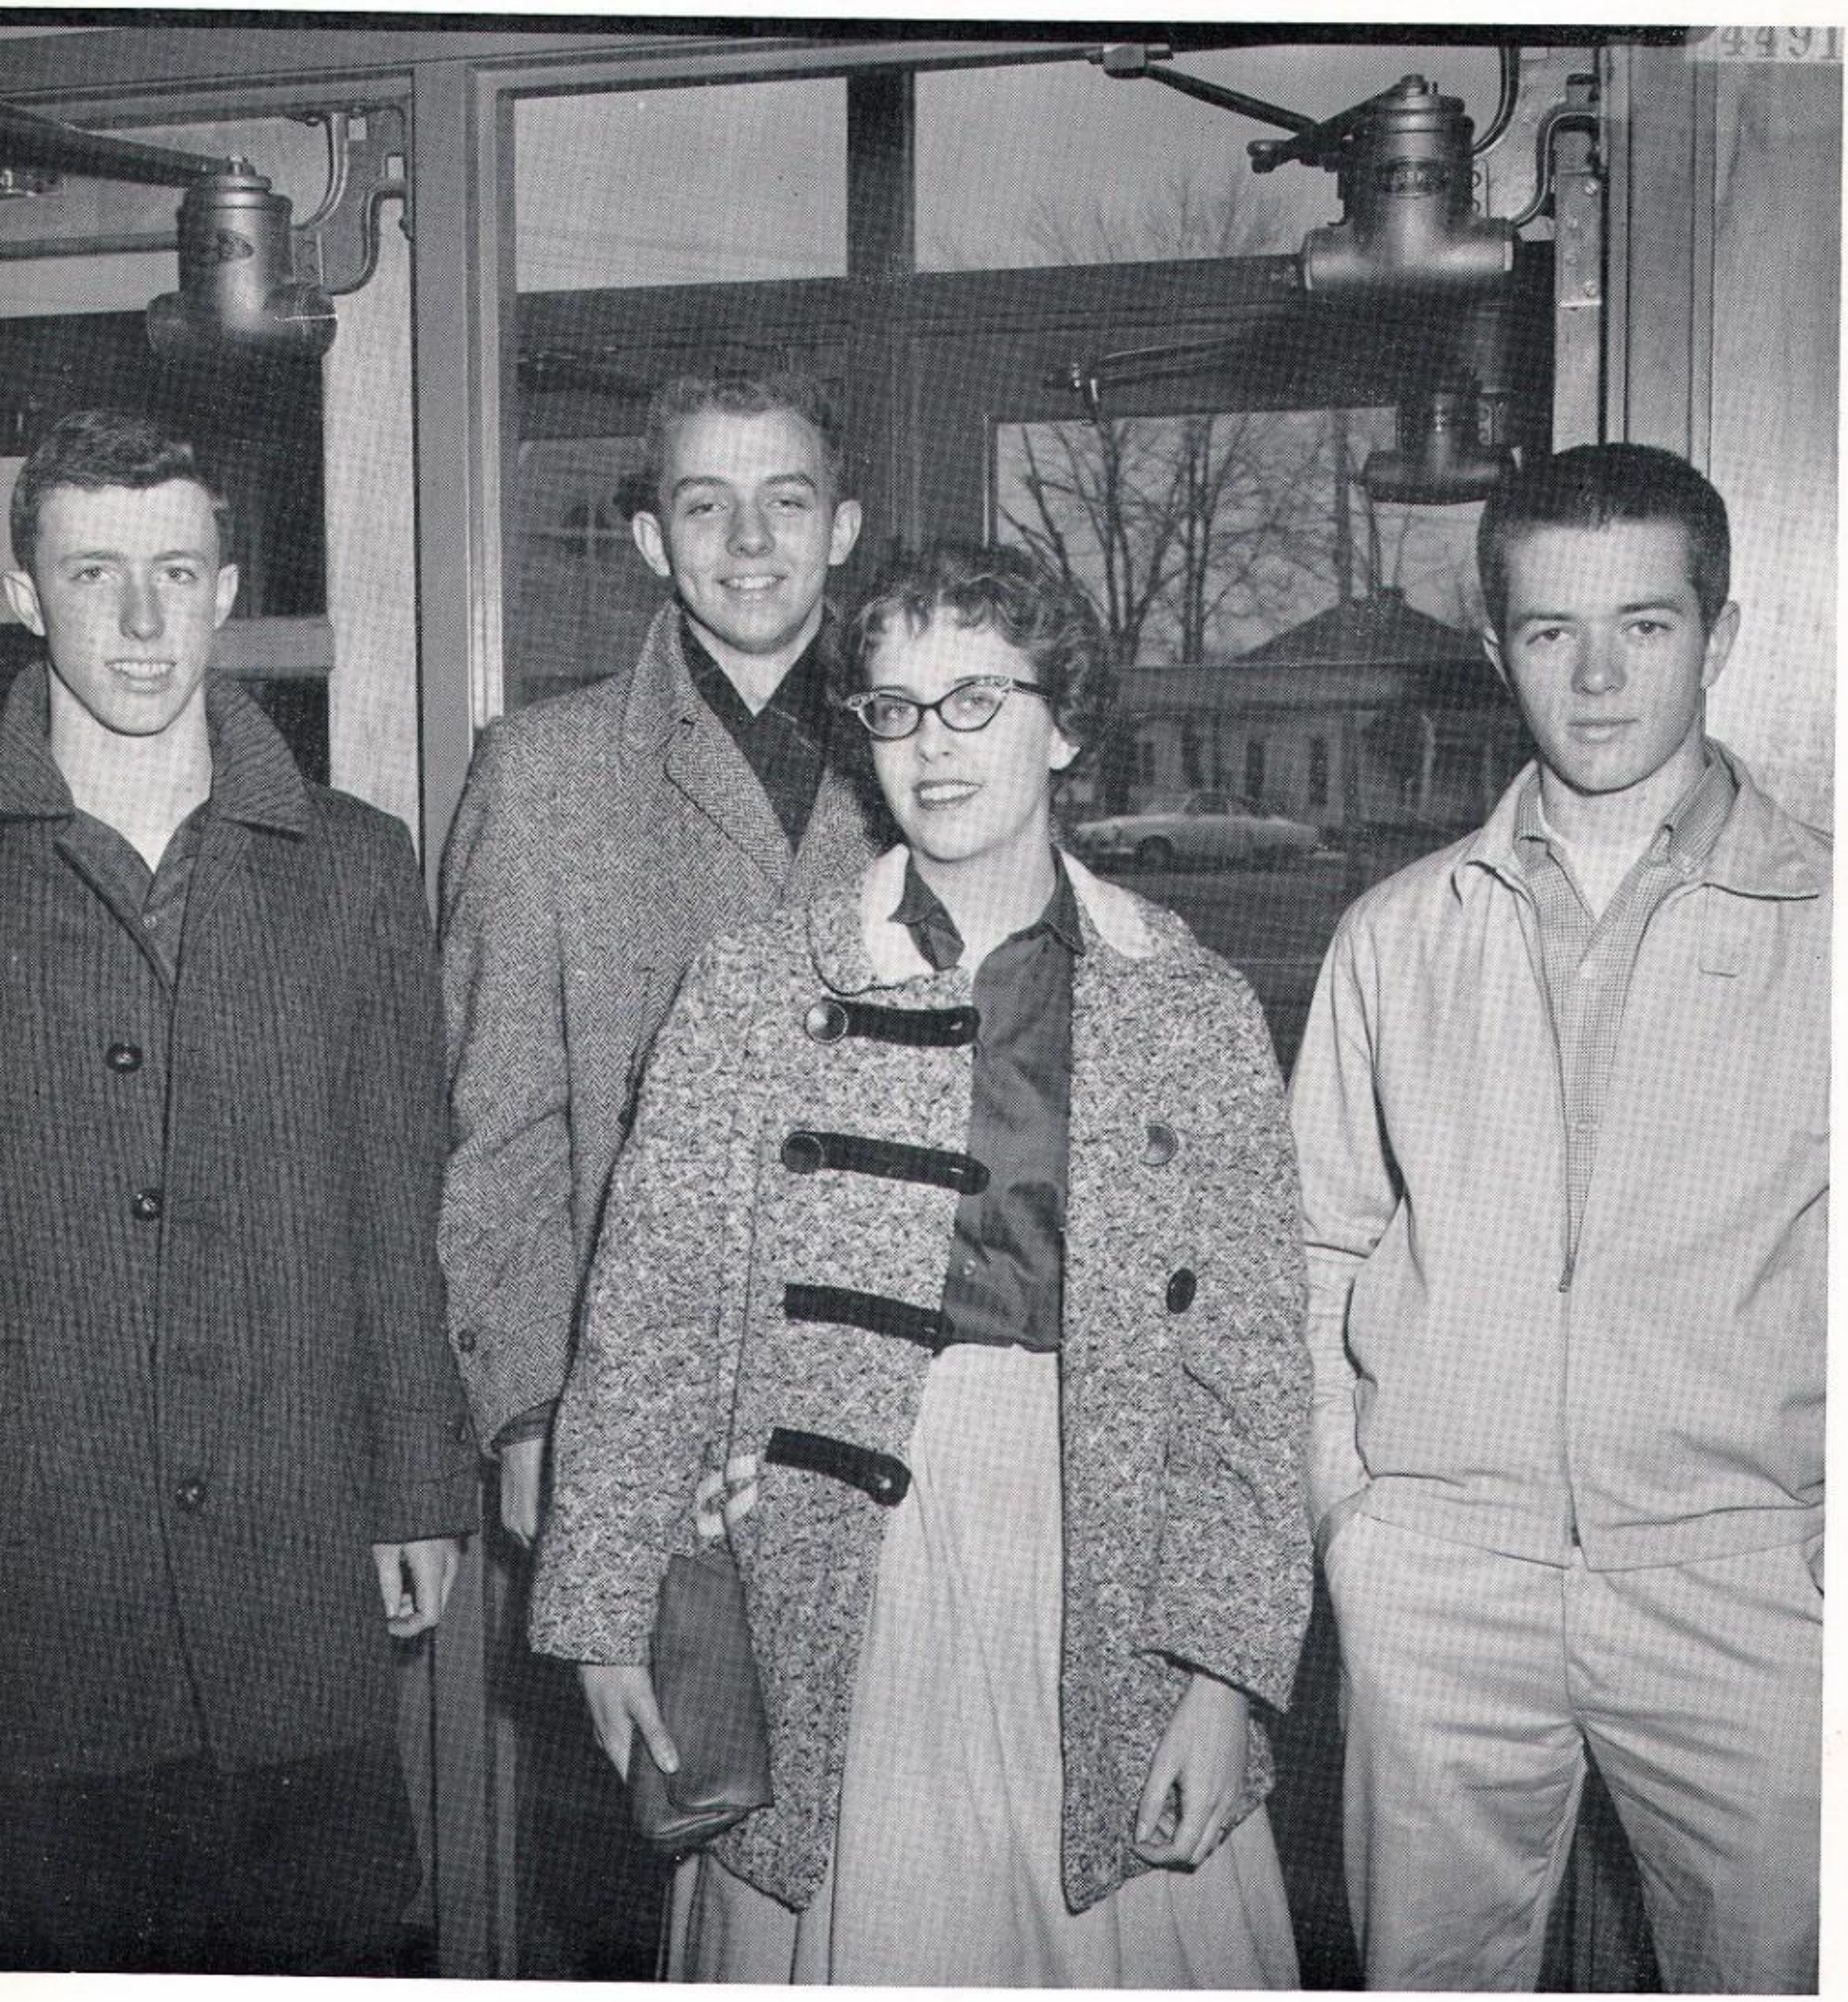


The camera reveals that it is not all work and competition for us at E.R.H.S. We entertain ourselves by organizing into "combos" and holding jam sessions; we put on farcical acts at our informal "after-game" dances and fun nights; and several times during the year we don evening apparel or fancy dress costume to present serious or comedy numbers for the public. We attempt to display only finished, almost professional productions.

The dance band plays accompaniment to Gary Cowan's voice. Mr. Slivia directs.

Pow-Wow take-off on Art Linkletter shows Benny Bennett, Jackie Blank, Tom Singley, and Dave Fessel.

National Merit Scholarship finalists: George Highsmith, Bill Griffin, Mary Conour, and Warden Parrish.



Seniors trying on the regalia of graduation: Tom Fite, Terry Ratcliffe, Sondra Brinkley, and Jackie Blank.

The camera focuses on graduation and the future beyond graduation . . . The senior year is an anxious time. We are concerned with scholarships and entrance examinations and meeting the requirements. We are aware that we have not read the right books or taken science seriously enough. But graduation is upon us. The announcements are ready for mailing. The academic robe must be fitted and pressed. We await the opening chords of the processional.

Seniors, left to right: Jackie Blank, Sandy Bostic, Terry Ratcliffe, and Tom Huffman.

THE CAMERA VIEW

CLASS OF 1959 . . .

September, 1955. So long ago. Such a short time past . . . For who of us could foresee on the freshman day that our four years could pass so swiftly? There were two-hundred eager-eyed boys and girls then, questioning, listening, forgetting.

We feel that we have grown up in these four years. Our attitudes and values have changed. Through folly in our freshman year, brashness in the sophomore year, and overconfidence in the junior year, we have come to realize in this final year our inadequacies. Our wisdom is that we realize how little we know.

We have lost many of our classmates. There are just one hundred and thirty-nine of us as we approach graduation. The others are graduating from other schools, are already working, are married, making homes. We realize with just a touch of sadness that this is life.

Another period of training is before us . . . Three years, four years, even more before we are able to take our places in industry or the professions. With this in mind, we focus the camera on this class of 1959. We are proud to be pictured at the crossroads.

OUR SCHOOL HAS ADULT LEADERS

The American school is a distinctive institution . . . a true extension of the American conception of democracy. A school is a gorup of citizens planning for its young people. A school is an administrator . . . directing, counseling . . leading. A school is a dedicated teacher in the classroom . . .

Mr. Beagle . . . a teacher in the classroom.

ADMINISTRATION

Our principal, Mr. Godeke, poses for the camera in a lighter moment.

OUR SCHOOL IS RUN BY CITIZENS

BOARD OF EDUCATION MEMBERS, left to right: Mr. Morris Byrd, Mr. Paul Buss, Dr. Kent Wattleworth, Mr. Frank Bower, president, Mr. T. C. Colvin, secretary, Mr. Alvin Musgrove, and Dr. Frank J. Weber.

Loyal, hard-working, untiring in their efforts—this is the way we must describe the citizens who serve on our local Board of Education. In the American tradition they run this vast community business—our schools. During the present time of unrest and uncertainty in the world, the decisions they make are especially important. We give them heartfelt thanks for assuming the responsibility for providing an aducation for "all of the children of all the people."

Superintendent of Schools, Mr. Leslie E. Purdy.

Mr. Purdy is a busy man, visiting as he does the various attendance centers in the district. However, he always has time for a friendly greeting or a smile. It is evident that he likes boys and girls and that is essential in an educator. He is assisted in administration by Mr. Godeke and Mr. Provines.

Assistant Superintendent in charge of Secondary Education, Mr. Frank B. Godeke.

Assistant Superintendent in charge of Elementary Education, Mr. Richard K. Provines.

Miss Mary E. Myers, District Guidance Director.

Mr. Gail Lathrop, Guidance Councilor.

Mrs. Dollie Gallagher, District Librarian

Science and mathematics teachers, left to right: Mr. Ted Beagle, Mr. Ronald Read, Mr. Marshall Provines, Mr. Loren Mitchell, Mr. Frank L. Shearer, Mrs. Anna Rosenkranz, and Mr. John L. Bower.

MATHEMATICS AND SCIENCE FOR A CHANGING WORLD

Our Math-Science department is a strong and enthusiastic group. Convinced of the necessity of stepping up instruction in these fields to meet the increased demands for mathematicians and engineers and research workers, this faculty has endeavored both to raise the quality of instruction and to attract larger numbers of students to the advanced classes.

Mr. Beagle and Mr. Read teach algebra and General Math; Mr. Provines teaches Algebra and Geometry; Mr. Mitchell teaches General Science and Chemistry; Mr. Shearer teaches Algebra, Advanced Algebra, Solid Geometry and Trigonometry; Mrs. Rosenkranz teaches Biology; and Mr. Bower teaches Physics and Biology.

ENGLISH LANGUAGE, BASIS OF OUR CULTURE . . .

ENGLISH TEACHERS, left to right: Mrs. Grace Moore, Mrs. Lucile Main, Mrs. Margaret Griffin, Mrs. Garnet Van Horn, Mrs. Claribel Benson, and Mrs. Catherine Garretson.

SOCIAL STUDIES . . . BUSINESS SUBJECTS

To be able to read critically, to write clearly, to speak forcefully — these are some of the skills one expects the high school graduate to have gained. It is in the English classes that we study these arts of communication. In the numbers of students enrolled, the English department is the largest in the school. The teachers expect us to read good books, to write frequent themes, and to study the great literature of the world, relating it to our present-day problems. In addition to the regular English classes, Mrs. Grace Moore teaches Speech; and Miss Mary Downen of the business department teaches Business English.

Another large department is Social Studies. Freshmen are required to have one semester of general social studies; and all students must take world history and American history. Other courses are civics and advanced social problems. The social studies faculty attempts to make us aware of the world about us.

The business department is preparing a great many students for entry into the business world. Courses offered are bookkeeping, typing, shorthand, business English, office clerical practice and secretarial training.

FINE ARTS AND FOREIGN LANGUAGE

CULTIVATE THE WHOLE PERSON

Miss Aleen Hostettler, Latin teacher.
(French is taught by Mrs. Margaret Griffin.)

Our curriculum includes courses in music and art to increase skill and to enrich our lives; and both of these departments offer strong and far-reaching programs.

At E.R.H.S. we also have a foreign language department of which we can be proud. Miss Hostettler teaches five full classes in Latin and Mrs. Griffin has classes in French I and French II. In Miss Hostettler's classes the language of the Romans is not a "dead" laguage, and we soon come to regard French as beautiful expression.

PHYSICAL EDUCATION ENCOURAGES PHYSICAL FITNESS

DRIVER EDUCATION . . . AGRICULTURE . . . . . HOME ECONOMICS

Our driver education teacher this year is Mr. John V. Rose who has also assisted in the physical education department. We are proud of the fact that our school complies with the state requirements for driver training.

Increasingly active and ever influential is our large agriculture department. Though they are housed in the north wing, the varied projects of the Ag department are very much a part of E.R. H.S. and the whole community.

Miss Ridgley presides over the spacious and gracious home economics department, which is well-equipped to prepare the homemaker for her tasks.

WE PICTURE OTHER WELL-LOVED FACES

Mrs. Lynne Jennings and Mrs. Ruth McBride of the district administrative staff.

The pictorial record of E.R.H.S., 1959, would not be complete without the story of the many people who keep our plant running smoothly. They are those who keep the records, in the offices; they are the crew who prepare and serve our lunches; they are the maintenance people who keep the school clean and comfortable; they are the drivers who bring us to school and take us home . . . We have respect and gratitude for these conscientious people.

OLNEAN STAFF PREPARES THE 1959 OLNEAN

It is not an easy task to publish a year-book, we have found; for the project entails money-making schemes, careful planning, and lots of drudgery. Backed by a fine club which met on Thursdays of "B" week, the editors have been able to produce this volume . . . We give much credit to all the club members who sold cokes, decorated for dances, played records, and performed other menial tasks.

UBLICATIONS

Co-editors Becky Tennyson and Charlotte Weber inspect the "new" cover.

EAST RICHLAND

HIGH SCHOOL BAND

The pictorial history of our school year would not be complete without our band. It is hard work every day, but fun every step of the way. In the fall we drill in the heat, preparing our formations for the football games. We are known in this part of the state as a formidable marching band.

After the football season is past, we turn our efforts to concert work. We entertain the student body with an assembly. We appear at every home basketball game. We give three concerts a year, the last being on May 14 this year.

The story of the band cannot be complete without a picture of our directors whom we affectionately but respectfully call "Gus 'n Mary." Though we sometimes denounce them as slavedrivers, we sincerely love them for making us work; for we realize that it is they who have built our fine organization.

HIGHLIGHTS OF HOMECOMING — 1958

On the eve of Homecoming, after our snake dance through the Olney business section, we met at a roaring bonfire at the football field where we had pep talks and rousing cheers . . . The next morning we were greeted at school by the pep band, leading a march through the halls and around the building. It was color day and we had costume judging in the gym. All the ceremonials of homecoming were presided over by Champ, our mighty mascot.

TIGERS CROWN 1958 HOMECOMING QUEEN

Miss Rose Alice Carder is crowned queen of the 1958 Homecoming by Mr. Tom Fite who represented the Student Council.

As our annual Homecoming time drew near, the football team selected Miss Rose Alice Carder, Miss Sandra Bostic, and Miss Glenda Jennings, as candidates for football queen. In accordance with our school tradition the student body voted, but the results of the balloting were withheld until Homecoming evening. Just before the beginning of the game, the lovely candidates were presented to the crowd and Rose Alice was crowned queen of the annual Homecoming festivities. After the game the queen and her attendants were honored at the Homecoming dance.

The biggest event of the 1959 Pow Wow was the Variety Show which opened at 7:30 in the gym. A full program of musical and comedy numbers was presented before a large audience. The camera reveals some hilarious moments from the production. Gene Lovelace was the able master of ceremonies.

The proceeds of the Variety Show are used to finance the programs of the clubs of the school. Every club which presents a number on the program is given a share of the profits. Thus, the Pow Wow serves a two-fold purpose: It gives us an evening's entertainment and at the same time finances the school organizations.

LOVELY QUEEN AND COURT PRESIDE OVER 1959 POW WOW

In accordance with E.R.H.S. tradition, each of the four classes nominated two candidates for Pow Wow Queen. The eight girls were supported enthusiastically in the campaign which followed until the winner was selected in an all-school election.

The results of the election of Pow Wow Queen were not announced until the eight girls and their escorts had been presented at the Pow Wow dance. Then the name of Miss Carol West was announced as the winner, and Carol was crowned by the queen of last year's event, Miss Myra Rosborough.

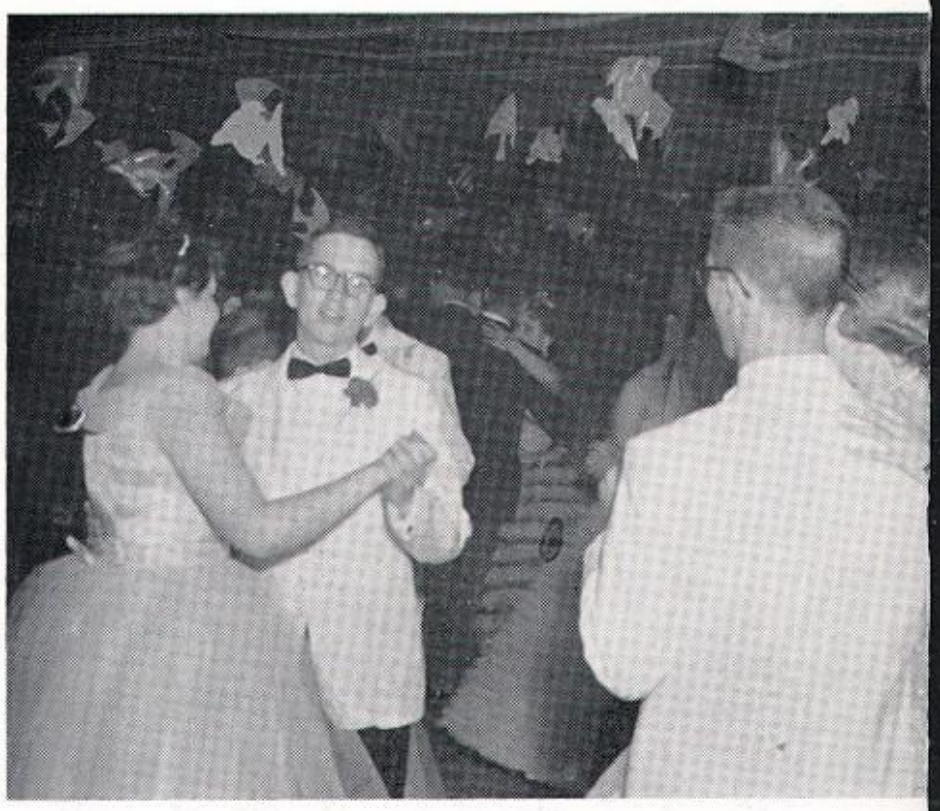
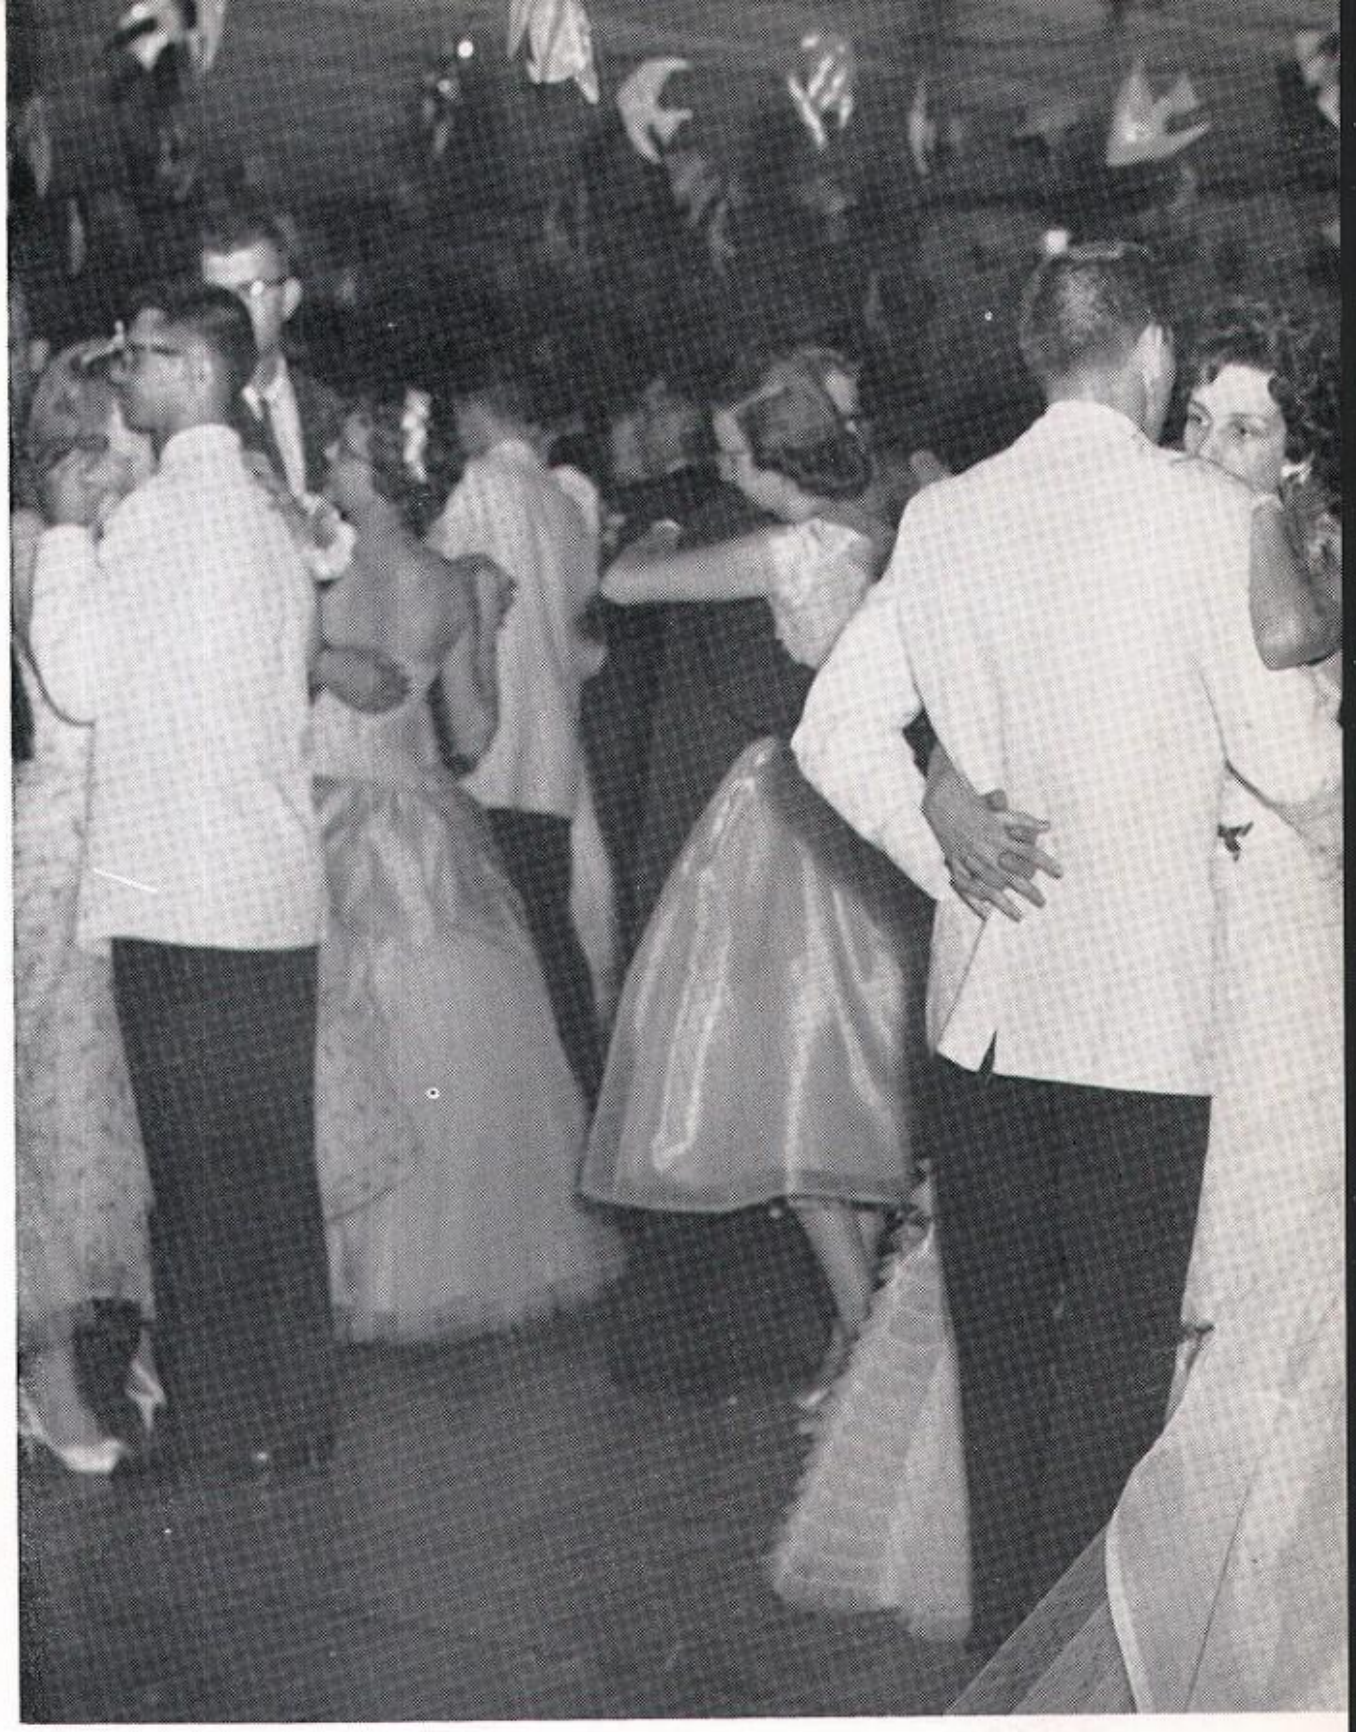
The junior class presented a beautiful prom on a lovely May evening of 1958. The gym was carefully decorated as the bottom of the sea, complete with dolphins, shells, sea horses, and a pirate's chest leaking gold coins. The dim flickering light heightened the marine effect. About one hundred and seventy couples danced to the music of the Innovators.

Major Ragain, Beverly Jones, Dick Kesler, and Joan Nix search for "pieces of eight" in the sunken chest.



Wayne Smith and Marilyn Milner on the dance floor.

We sat out some dances in the enchanted atmosphere of Neptune's Ball.



And danced many — recognizable are Bob Zerkle, Mary Conour, and Judy Stover.

The Innovators furnished magic music.

WE ENGAGE IN ATHLETICS

Our weeks are rounds of athletic
activity. We enjoy playing
the game, whatever it may be.
We like for our team to win, but
we know that someone must lose.
It is our wish that our students
be known as good sports
whether winning or losing.

Lanie Eagleton and Jerry Quick take the high hurdles.

CHEER

CHEERLEADERS SPARK TEAM

Everyone concedes that the success of any team depends on the backing received from the student body. Our cheerleaders were untiring all season in their efforts to gain the support of the students and to spark the team. They certainly backed the boys in winning, but they were graceful losers, too. We are especially proud proud of this good-looking quintet of girls.

VARSITY FOOTBALL . . . 1958

We shall remember the football season of 1958 . . . receiving our uniforms in late August . . . practicing early in the morning and late in the afternoon. A large number of boys from all the classes reported. And we had a new backfield coach in Mr. Gene McFarland.

High spot of the season was the Armistice Day game with our traditional rival, Flora. It was a thrilling game from the kick-off to the final gun. We were on the right side of the 25-6 score when the game ended. It was a good ending for the season.

FROSH-SOPH ASPIRE TO GRIDIRON GLORY

The freshman-sophomore team was a strong group, giving their opponents plenty of fight. Undoubtedly they would have had a better record if some of the regulars had not been transferred to the regular team. Of the games played, they won 2 and lost 6.
